Frequently Asked Questions

I can't dance and/or I don't have a partner.

There are no prerequisites to learning to dance with The Desert Valley Squares! Ultimately, you'll need to be able to tell your right foot from your left hand, but we can work with you on that. No previous experience, partner, odd costumes, or anything else required!

Gay and Lesbian Square Dancing welcomes singles and couples, as well as couples who'd rather dance with others, gay, lesbian, straight, bi, trans, men, women, whoever.

I don't like country music.

Yeah, we agree! Well, we like *some* country music, but did you ever think about square dancing to Gloria Gaynor? How about Abba? Venga Boys, Madonna, old Disco tunes, Pop, Rock, Show Tunes, you name it! Anything with a beat is fair game. You're not going to hear a lot of fiddle, twang and banjo music at a Desert Valley Squares event (there'll be some for you old timers)!

I square danced in school and hated it.

Oh, come on! How long ago was that!?! This ain't your P.E. Teacher's Hoe-down. Modern Western Square Dancing is a lot different from the stuff you did in school, especially with *GLBT Style!* We promise!

Why should I become a square dancer?

It's fun. It's easy to learn. It's good physical and mental exercise. It's a great way to meet people away from attitude-filled bars. It's a fantastic excuse to travel. And it's a chance to join a large and loving family that won't ask you why you haven't produced grandchildren every time you see them.

How much does it cost?

The 10-week introductory series is only \$15.00 (that's half price). That's for all 10 weeks! That works out to \$1.00 an hour. You can't beat that. The first 3 nights are free. We never stop anybody from dancing with us because of cash flow problems! After 10 weeks, you are invited to become a club member at \$30/calendar quarter.
